China approved fresh fruit imports per country  
2018

## FruitMax China

This overview on approved fresh fruit imports is our latest publication in order to provide you with updated information on the imported fruit market in China.

FruitMax China connects growers and fruit traders from around the world to the Chinese fruit market. We enable you to supply your fruits into China without having your own Chinese entity, office or local sales team in China. We leave the growing and trading to you. We only help you with selling your fruits into the Chinese market. This means we keep you updated on latest prices, find the right buyer and do the after sales for you.
